

CONDO VILLAS OF GATLINBURG ASSOCIATION INCORPORATED had a Board Meeting last night on Monday, March 23, 2020, and decided on a course of action for the next quarter that we bill for water, concerning the COVID-19 outbreak. That quarter, the 2nd quarter of 2020, consists of April 1, 2020 through June 30, 2020. During that period the Board has decided to: 1. NOT charge late fees, 2. NOT turn anyone's water off for non-payment, 3. Waive charges for reconnection, and 4. NOT to apply a lien or foreclosure to any property for non-payment of their water bill. At the end of June, 2020, we will have another meeting and decide whether or not to continue these resolutions for the 3rd Quarter.

The water in our system is completely sealed. It comes via Gatlinburg City Water. There is absolutely no human contact with the water that we distribute. Therefore we can state that our water is completely safe to consume as it relates to COVID-19.

Mark Dye, Vice-President Condo Villas of Gatlinburg.
